Pro-Watch is a microprocessor based chemical dispensing system for grease traps, drains, and odor control. This easy-to-use system stores up to 20 dispensing events per day, programmable by minutes or seconds and is capable of independent settings for up to 7 days.

These solutions are configured for maximum safety, simple installation, and faster order fulfillment. Each system includes a power supply, a 6-ft power cord, a remote activator, and an install kit.

With the addition of the Misting Kit, Pro-Watch becomes an advanced chemical spray system designed to spray deodorizing or sanitizing mist in a variety of applications such as trash compactors, roll-a-way garbage bins and other trash depositories.

# Trusted solutions. Clean made simple.
